Subject: Microsoft Settlement

To Whom this may concern:

Regarding the Microsoft Settlement, I realize that a few special interests are attempting to use the current review period to derail the settlement and prolong this litigation even in the midst of uncertain economic times. The last thing the American and the global economies need is more litigation that benefits only a few wealthy competitors and stifles innovation.

Please don't let these special interests defeat the public interest, and promptly resolve the settlement.

Regards,
Angela Viesse
